Subject: Proposed Aurora Airport Expansion

Kim Veliz,

The purpose of this email is to express that my family is opposed to the Aurora Airport Expansion for the following reasons:

1. Negative impact to nearby home values
2. Increased aircraft noise
3. Increased traffic congestion in the region, particularly on and around the already-problematic portion of I-5 at Boone Bridge
4. Conversion of farmland to industrial warehouses
5. Inadequate public process

Thank you Kim,

Jeff and Erica Bader
