

BOECKMAN ROAD CORRIDOR IMPROVEMENT PROJECT

The City of Wilsonville is constructing a new bridge over Boeckman Creek, adding landscaping, lighting, and separated bicycle and pedestrian facilities to Boeckman Road, as well as improving the intersection of Boeckman and Canyon Creek. The Boeckman Road Corridor Improvement Program includes pedestrian crossing treatments, storm drainage upgrades, and a new sanitary sewer trunk along Boeckman Road.

Project Highlights

The City of Wilsonville will be providing upgrades on Boeckman Road between Canyon Creek Road and Wilsonville/Stafford Roads to make it safer and more accessible for all users—drivers, cyclists, pedestrians, and riders—along the corridor.

Planned Improvements

- New bridge over Boeckman Creek
- Boeckman Road street improvements between Canyon Creek Road and Wilsonville/Stafford Roads
- Intersection upgrades at Canyon Creek and Boeckman Road
- Expanded sewer capacity to serve Frog Pond area
- Stormwater upgrades to improve water quality and prevent flooding
- Boeckman Creek Trail connection for future expansion of regional trail system

Project Benefits

- Improves safety for cyclists, drivers, and pedestrians
- Enhances access and mobility
- Increases capacity for Frog Pond development
- Protects wildlife, fish, and streams
- Expands recreational opportunities

Preliminary Schedule

Spring 2022	Contractor Selection: Tapani Sundt
August 2023 – January 2024	Preliminary Work
January 2024 — Spring 2025	Road Closure for Bridge Construction
Summer 2025	Project Completion

The project combines multiple projects into one to use resources efficiently and minimize traffic and neighborhood impacts.

Construction

The City is using a collaborative “Progressive Design Build” delivery approach to construct the project. This will help minimize traffic impacts and ensure the project is completed efficiently and cost-effectively.

Bridge construction is scheduled to begin mid-January 2024. When it does, Boeckman Road will be closed to all traffic between Canyon Creek and Sherman Drive until approximately Spring 2025. While the exact duration of the closure is yet to be determined, the goal is to minimize the time as much as possible.

Stay Up to Date

The City of Wilsonville is committed to keeping you up to date on this project and construction impacts. To learn more:

- **Sign up for the project newsletter:** <https://www.ci.wilsonville.or.us/boeckmanroad>
- **Get Text Alerts on traffic impacts** directly to your mobile phone: text BOECKMAN to (866) 935-0125.

**Remember to never read or respond to text messages while driving. Standard data and messaging rates apply.*
