ORDINANCE NO. 572

AN ORDINANCE OF THE CITY OF WILSONVILLE APPROVING A ZONE MAP AMENDMENT FROM PUBLIC FACILITY (PF) ZONE TO VILLAGE (V) ZONE ON APPROXIMATELY 25.28 ACRES WITHIN VILLEBOIS VILLAGE IN THE SOUTHEASTERN PORTION OF TAX LOT 2900, SECTION 15, T3S, R1W, CLACKAMAS COUNTY, OREGON, COSTA PACIFIC COMMUNITIES, MASTER PLANNER AND AGENT FOR WEST HILLS DEVELOPMENT, APPLICANT.

WHEREAS, Villebois LLC has requested a Zone Map Amendment of certain property described in Attachment 2 of this ordinance; and

WHEREAS, the Wilsonville Planning Staff analyzed the request and prepared a staff report, with conditions, to the Development Review Board dated September 7, 2004 (Attachment 4), wherein it reported that the request is consistent with and meets requirements for approval of a Zone Map Amendment; and

WHEREAS, the Development Review Board Panel 'A' held a public hearing on this request on September 13, 2004, and after taking testimony, gave full consideration to the matter and recommended approval of the request; and

WHEREAS, the Wilsonville Planning Staff prepared a supplemental staff report to City Council dated September 20, 2004 (Attachment 3); and

WHEREAS, on September 20, 2004, the Wilsonville City Council held a public hearing regarding the above described matter, considered the record before the Development Review Board and staff reports, took testimony, and, upon deliberation, has concluded that the proposed Zone Map Amendment meets the applicable approval criteria under the city's land development code,
NOW, THEREFORE, THE CITY OF WILSONVILLE ORDAINS AS Follows:

Section 1. Findings. The City Council adopts as findings and conclusions the forgoing recitals and the staff reports in this matter labeled Attachments 3 and 4, which are attached hereto and incorporated herein as if fully set forth.

Section 2. Order. The official City of Wilsonville Zone Map is hereby amended in Zoning Order 04DB13, attached hereto, from Public Facility (PF) zone to Village (V) zone on the southeastern portion of Tax Lot 2900, Section 15, T3S, R1W, Clackamas County, Oregon, depicted on the attached map (Attachment 1), Clackamas County, Wilsonville, Oregon.

SUBMITTED to the Wilsonville City Council and read for the first time at a regular meeting thereof on the 20th day of September 2004, commencing at the hour of 7 P.M. at the Wilsonville Community Center, and scheduled for second reading on October 4, 2004 at a regular meeting of the City Council commencing at the hour of 7 P.M., at the Wilsonville Community Center.

BEFORE THE CITY COUNCIL OF
CITY OF WILSONVILLE, OREGON

In the Matter of the Application of )
Villebois LLC )
for a Rezoning of Land and Amendment of )
the City of Wilsonville Zoning Map )
Incorporated in Section 4.102 of the )
Wilsonville Code. )

The above-entitled matter is before the Council to consider the application of Villebois LLC, for a Zone Map Amendment and an order amending the official Zoning Map as incorporated in Section 4.102 of the Wilsonville Code.

It appears to the Council that the property, which is the subject of this application, is described as follows: a portion of Tax Lot 2900 in Section 15, T3S R1W, Clackamas County, Wilsonville, Oregon, and such property has heretofore appeared on the official Zoning Map as Public Facility (PF).

The Council having heard and considered all matters relevant to the application, including the Development Review Board record and recommendation, finds that the application should be approved, and it is therefore,

ORDERED that approximately 25.28 acres of Tax Lot 2900 in Section 15, T3S R1W, Wilsonville, Clackamas County, Oregon, more particularly described in Attachment 1 to this order, is hereby rezoned to Village (V), and such rezoning is hereby declared an amendment to the Wilsonville Zoning Map (Section 4.102 WC) and shall appear as such from and after entry of this Order.

DATED this 7th day of October 2004.

TO: Honorable Mayor and City Councilors

FROM: Blaise Edmonds, Manager of Current Planning

SUBJECT: Planning File No. 04DB13 – Zone Map Amendment

APPLICANT: Costa Pacific Communities (Master Planner), agent for Villebois, LLC; West Hills Development (Developer)

OWNER: State of Oregon, Department of Administrative Services  Note: Since the application was submitted, ownership of the subject property was conveyed to Villebois LLC who subsequently conveyed ownership to Arbor Villebois LLC.

DESCRIPTION OF ACTION:

The City Council is being asked to review a proposal to amend the Wilsonville Zoning Map for approximately 25.03 acres that carry the Comprehensive Plan Map designation of 'Residential-Village'. The request was submitted concurrently with a Preliminary Development Permit application (part of File no. 04DB12) for only residential development for a portion of Specific Area Plan – South (File no. 03DB21) of Villebois Village. A Zoning Map Amendment would initiate the development permitting process for this area of Villebois Village.

SUMMARY:

On September 13, 2004, Development Review Board-Panel A recommended approval of the proposed Zone Map Amendment from the Public Facility (PF) zone to the Village (V) zone in Villebois. Panel A also approved Application 04DB12, Requests A – C, which includes:

A. Specific Area Plan-South Amendment. Approved a seventh phase of development with some internal adjustment of phasing boundaries. The phasing plan also included a subdivision plat-naming scheme.

B. Preliminary Development Plan #2 (PDP#2). Approved Villebois Phases Nos. 2 and 3 of SAP-South (as proposed above). PDP #2 comprises 121 residential lots including approximately 4.64 acres park and open space areas.

C. Approved a Tree Removal Plan leading to the issuance of a Type C Tree Removal Permit and,
D. Approval of Tentative Subdivision Plat (04DB14)

The proposed PDP#2 (04DB12) and the proposed Tentative Subdivision Plat (04DB14) are contingent upon City Council approval of the proposed Zone Map Amendment (04DB13). General background documents for the above approvals are included in the City Council packet.

The Development Review Board voted 3-0 to recommend approval of the proposed Zone Map Amendment. The findings and conclusions in Exhibit ‘C’ (original staff report with proposed findings and conditions of approval) support the Development Review Board decision for approval.

The Development Review Board adopted staff recommendations and findings included as Exhibit A of proposed Ordinance No. 572, imposing no new conditions.

RECOMMENDATION:

After conducting a duly advertised public hearing, that the City Council act favorably on the Development Review Board recommendation of September 13, 2004 to approve the propose Zone Map Amendment and that the City of Wilsonville Official Zoning Map be revised as shown in Attachment 2. Appropriate Council action would be adoption of proposed Ordinance No. 572. City Council’s final decision, however, is predicated on a final approval determination for Preliminary Development Plan (PDP#2) for Villebois Phases 2 & 3 (part of File #04DB12) and the Tentative Plat (04DB14).

DISCUSSION/BACKGROUND:

- The applicant, West Hills Development proposes the development of a 121-lot residential planned development subdivision, along with associated site improvements, for the property generally located west of 110th Avenue and adjacent north of the Wilsonville Tract. Total development site area is approximately 25.03 acres within Specific Area Plan – South.

- The proposed lot dimensions for the “Large Lots” and for the “Row House” Lots do not conform to the lot diagrams in the Villebois Architectural Pattern Book. The applicant will be submitting a separate application to the Development Review Board to modify the Villebois Architectural Pattern Book to accommodate the housing products/lot dimensions being proposed. Thus, the approvals for 04DB12 and 04DB14 are contingent upon DRB approval of the Pattern Book revisions and by the City Council approval of the Zone Map Amendment.

- No areas in the proposed project are designated Significant Resource Overlay Zone (SROZ).
• The proposed Zone Map Amendment meets the Planning and Land Development Ordinance and with the goals, policies, and implementation measures of Wilsonville Comprehensive Plan and with the Villebois Master Plan.

• Primary facilities, i.e., roadways, water and sanitary sewer, are or shortly will be available and are of adequate size to serve the subject territory. Thus, adequate facilities can be provided.

• The public interest is best served by granting the Zone Map Amendment at this time since there is a high demand single-family and multi-family housing.

See the Planning Division Staff Report, Exhibit A, of proposed Ordinance No. 572 for additional detail and findings of fact.
DEVELOPMENT REVIEW BOARD PANEL A – RECOMMENDATION TO CITY COUNCIL

Project Name: Villebois Village – Specific Area Plan (SAP) South Planned Development Plan (PDP) No. 2 – Zone Map Amendment

Case File No. 04DB13

Applicant/Owner: Costa Pacific Communities, Master Planner and Agent for Villebois, LLC./ West Hills Development, Applicant

Proposed Action: Approval of a Zone Map Amendment to rezone 25.03 acres of a portion of Tax Lot 2900 from Public Facilities to Village Zone for residential development for SAP South, PDP 2, Phases 2 and 3.

DESCRIPTION OF ACTION:

The Development Review Board is being asked to review a proposal to amend the Wilsonville Zoning Map for approximately 25.03 acres that carry the Comprehensive Plan Map designation of ‘Residential-Village’. The request is being submitted concurrently with a Preliminary Development Permit application (part of File no. 04DB12) for only residential development for a portion of Specific Area Plan - South (File no. 03DB21) of Villebois Village. A Zoning Map Amendment would initiate the development permitting process for this area of Villebois Village.

BACKGROUND:

The Development Review Board is being asked to review concurrent applications proposing development of Phases 2 and 3 of SAP-South. The applicant is submitting requests for:

- A Preliminary Development Plan for Villebois Phases 2 and 3 of SAP-South (File No. 04DB12)
- A proposal to add a seventh phase and amending boundaries for phases 2 and 3
- A Tree Removal Plan with request for a Type C tree removal permit
- A Zone Map Amendment to Village zone (File No. 04DB13), and
- A Tentative Plat for a subdivision (File No. 04DB14).

The Specific Area Plans are advanced engineering and planning documents, which coordinate the development of grading, drainage, streets, utilities, and related infrastructure throughout the Villebois Village Master Plan area. Each Specific Area Plan will conform to the goals, concepts, and standards of the Master Plan. PDPs must be consistent with the SAP in which they would be applied. Phasing is determined by several factors, including response to market analysis and market conditions, availability
and capacity of existing utilities and infrastructure, and timing of road improvement approval and funding.

The Development Review Board’s action on the Zone Map Amendment request will be a recommendation to City Council. Approvals by the Board of File No. 04DB12 (SAP-South Amendment, PDP for Phases 2&3, Tree Removal Plan), and File No.04DB14 (Tentative Plat) are contingent upon City Council approval of the requested Zone Map Amendment.

Final Development Plans will be submitted, subsequent to positive action on the applications listed above, which will include all the descriptions, locations, specifications, dedications, provisions, etc. concerning the proposed development.

ANALYSIS AND FINDINGS OF FACT:

Staff has reviewed the Applicant’s analysis of compliance with the applicable criteria (Section VA of the submittal). The analysis adequately demonstrates compliance with the City’s Comprehensive Plan and the Planning & Land Development Ordinance. In General, Staff adopts the Applicant’s responses as Findings of Fact with additional comments as noted.

CONCLUSIONS AND RECOMMENDATIONS:

Based on the Findings of Fact and information included in this Staff Report, and information received from a duly advertised public hearing, Staff recommends that the Development Review Board recommend to the City Council approval of the application for Zone Map Amendment (File No. 04DB13) and that the City of Wilsonville Official Zoning Map be revised as shown in Attachment 2. City Council’s final decision, however, is predicated on receiving a recommendation from the Board and a determination that the Preliminary Development Plan for Villebois Nos. 2 & 3 (part of File No. 04DB12) can be adopted as conditioned through the hearing process.

Staff further recommends that conditions be placed on concurrent File Nos. 04DB12 and 04DB14 indicating that the Board’s actions on these applications are contingent upon City Council’s action on the Zone Map Amendment request.
ATTACHMENT 3

ANALYSIS AND FINDINGS OF FACT

ZONE MAP AMENDMENT

A. CITY OF WILSONVILLE COMPREHENSIVE PLAN

COMPACT URBAN DEVELOPMENT – IMPLEMENTATION MEASURES

Implementation Measure 4.1.6. A
Development in the “Residential – Village” Map area shall be directed by the Villebois Village Concept Plan (depicting the general character of proposed land uses, transportation, natural resources, public facilities, and infrastructure strategies), and subject to relevant Policies and Implementation Measures in the Comprehensive Plan; and implemented in accordance with the Villebois Village Master Plan, the “Village” Zone District, and any other provisions of the Wilsonville Planning and Land Development Ordinance that may be applicable.

FINDING A-1: This application is being submitted and reviewed concurrently with a Preliminary Development Plan for a portion of SAP-South (approved by File No. 03DB21).

Implementation measure 4.1.6.C
The “Village” Zone District shall be applied in all areas that carry the Residential – Village Plan Map Designation.

FINDING A-2: This application proposes a zone change to “Village” for the subject property area, which carries the Residential-Village Plan Map Designation.

Implementation Measure 4.1.6.D
The “Village” Zone District shall allow a wide range of uses that befit and support an “urban village”, including conversion of existing structures in the core area to provide flexibility for changing needs of service, institutional, governmental and employment uses.

FINDING A-3: The property that is the subject of this zone change application is not in the central core area. Rather, it provides residential uses (121 lots) and parks and open space areas on approximately 25.03 acres within the southwestern portion of Villebois west of SW 110th Avenue. Table A on page 4 of the Introductory Narrative (located in Section IA) lists the proposed range of residential units (five types) which are interspersed to provide a diverse mix of housing that increases in density from the southern edge of the PDP toward the Village Center, north of the subject property. The proposed residential land use and housing types in this area are generally consistent with those portrayed in the Villebois Village Master Plan, which this regulation is intended to implement, as determined by File No. 03DB21, approving the SAP – South.
B. CITY OF WILSONVILLE LAND DEVELOPMENT ORDINANCE

Section 4.029 - Zoning Consistent with the Comprehensive Plan:
If a development, other than a short-term temporary use, is proposed on a parcel or lot, which is not zoned in accordance with the comprehensive plan, the applicant must receive approval of a zone change prior to, or concurrently with the approval of an application for a Planned Development.

FINDING B-1: This zone change application is being requested concurrently with a PDP application and Tentative Plat for the site in conformance with the code. The PDP application material can be seen in Section III of this application notebook and the Tentative Plat application material can be seen in Section IV of this application notebook.

Section 4.110 - Zoning – Zones

(.01) The following Base Zones are established by this Code:
(F) Public Facility, which shall be designated “PF”
(H) Village, which shall be designated “V” [per Section 4.125 enabling amendments (File No. 02PC08)]

FINDING B-2: The subject property is within the city limits of Wilsonville and is currently zoned “Public Facility”. This request is for a zone change to “Village”. Both Base Zones are permitted within the area designated “Residential – Village” on the Comprehensive Plan Map. However, the zone change request is being reviewed concurrently with a Preliminary Development Plan, which emphasizes residential uses. Residential uses are not allowed in the “Public Facility” zone, therefore, the “Village” zoning designation is most appropriate for the subject property to implement the Villebois Village Concept Plan.

Section 4.125 - Village (V) Zone

(.01) The Village (V) zone is applied to lands within the Residential Village Comprehensive Plan Map designation. The Village zone is the principal implementing tool for the Residential Village Comprehensive Plan designation. It is applied in accordance with the Villebois Village Master Plan and the Residential Village Comprehensive Plan designation as described in the Comprehensive Plan.

FINDING B-3: The subject property lies within the area designated “Residential – Village” on the Comprehensive Plan Map. This request is for a zone change to “Village”.

(.02) Permitted Uses
**FINDING B-4:** The proposed uses listed in the associated application for a Preliminary Development Plan (See Section III of this application notebook) are consistent with the land uses permitted under the Village zone. The PDP, located in Section III of this application notebook, states, “The proposed Preliminary Development Plan will create lots intended for the use of a variety of single-family detached dwellings and row houses, as well as park and open space.” These uses are permitted under the Village zone.

(.18) Village Zone Development Permit Process

(B) Unique Features and Processes of the Village (V) Zone

(2) ... Application for a zone change shall be made concurrently with an application for PDP approval...

**FINDING B-5:** The application for a zone change is being made concurrently with an application for PDP (Preliminary Development Plan) approval (See Section III of this application notebook).

Section 4.136 PF – Public Facility Zone (.01)

(.01) Purpose: The PF zone is intended to be applied to existing public lands and facilities; including quasi-public lands and facilities, which serve and benefit the community and its citizens. Typical uses permitted in the PF zone are schools, churches, public buildings, hospitals, parks and public utilities. Not all of the uses permitted in this zone are expected to be publicly owned.

**FINDING B-6:** The subject property is currently zoned PF. The property’s most recent use was supporting the F.H. Dammasch State Hospital.

Section 4.197 Zone Changes and Amendments to this Code – Procedures.

(.02) In recommending approval or denial of a proposed zone map amendment, the Planning Commission or Development Review Board shall at a minimum, adopt findings addressing the following criteria:

A. That the application before the Commission or Board was submitted in accordance with the procedures set forth in Section 4.008, Section 4.125.(18)(B)(2), or, in the case of a Planned Development, Section 4.140; and

**FINDING B-7:** This application has been submitted in accordance with the procedures set forth in Section 4.140, which requires that:

(A) All parcels of land exceeding two (2) acres in size that are to be used for residential, commercial or industrial development, shall, prior to
the issuance of building permit: 1. Be zoned for planned development; and
(B) Zone change and amendment to the zoning map are governed by the applicable provisions of the Zoning Sections, inclusive of Section 4.197.

This zone change application will establish the appropriate zone for this development and will be governed by the appropriate Zoning Sections.

B. That the proposed amendment is consistent with the Comprehensive Plan map designation and substantially complies with the applicable goals, policies and objectives, set forth in the Comprehensive Plan Text; and

FINDING B-8: Comprehensive Plan Implementation Measure 4.1.6.c. states “the “Village” Zone District shall be applied in all areas that carry the Residential-Village Plan Map Designation.” Since the “Village” zone must be applied to areas designated Residential Village on the Comprehensive Plan map, and is the only zone that may be applied to these areas, it’s application to these areas is consistent with the Comprehensive Plan, which describes the “Village” zone as implementing the Residential – Village Comprehensive Plan Map designation.

C. In the event that the subject property, or any portion thereof, is designated as “Residential” on the City’s Comprehensive Plan Map; specific findings shall be made addressing substantial compliance with Implementation Measure 4.1.4.b, d, e, q, and x of Wilsonville’s Comprehensive Plan text; and

FINDING B-9: As noted above, Comprehensive Plan Implementation Measure 4.1.6.c. states “the “Village” Zone District shall be applied in all areas that carry the Residential-Village Plan Map Designation.” Since, the Village zone must be applied to areas designated “Residential Village” on the Comprehensive Plan map, and is the only zone that may be applied to these areas, it’s application to these areas is consistent with the Comprehensive Plan, which describes the “Village” zone as implementing the Residential – Village Comprehensive Plan Map designation.

D. That the existing primary public facilities, i.e., roads and sidewalks, water, sewer and storm sewer are available and are of adequate size to serve the proposed development; or, that adequate facilities can be provided in conjunction with project development. The Planning Commission and Development Review Board shall utilize any and all means to insure that all primary facilities are available and are adequately sized; and
FINDING B-10: The PDP report and the PDP drawings demonstrate that the existing primary public facilities are available and can be provided in conjunction with the project. Section IIIC of this application notebook includes supporting utility and drainage reports and Section IID will include Traffic Impact Analysis Prepared by DKS and Associates. This report will be submitted following initial submittal of this application notebook.

E. That the proposed development does not have a significant adverse effect upon Significant Resource Overlay Zone areas, an identified natural hazard, or an identified geologic hazard. When Significant Resource Overlay Zone areas or natural hazard, and/or geologic hazard are located on or about the proposed development, the Planning Commission or Development Review Board shall use appropriate measures to mitigate and significantly reduce conflicts between the development and identified hazard or Significant Resource Overlay Zone; and

FINDING B-11: An SROZ area is adjacent to proposed No.’s 2 & 3. Appropriate measures have been taken to reduce conflicts between the proposed development and this SROZ area. See Section IIIE for details regarding this SROZ area.

F. That the applicant is committed to a development schedule demonstrating that the development of the property is reasonably expected to commence within two (2) years of the initial approval of the zone change; and

FINDING B-12: The applicant is committed to a development schedule demonstrating that the development of the subject property is reasonably expected to commence within two (2) years of the initial approval of the zone change.

G. That the proposed development and use(s) can be developed in compliance with the applicable development standards or appropriate conditions are attached to insure that the project development substantially conforms to the applicable development standards.

FINDING B-13: The proposed development can be developed in compliance with the applicable development standards, as demonstrated by this report.

Staff: Edmonds/Cole

Motion:

Albert Levit moved to adopt the staff report (revised and distributed at the beginning of this meeting) with the following changes:

Page 6 of 17: PF13: Delete the word “public” in reference to “public” water.
Page 8 of 17: PF22: Delete condition in its entirety.
Page 14 of 17: Building Condition #6. Amend as read into the record by Assistant Attorney, Paul Lee:

6. WATER TOWERS: The existing two water towers shall remain operational, or another approach acceptable to the Building Official to provide for fire flow serving both the Living Enrichment Center and the existing buildings on the property, shall be implemented by the time the new public water system is installed and approved. A demolition permit from the City of Wilsonville is required for removal of the towers.

The board accepts the proposal for the realignment of the streets without the alleyway – the east/west alleyway in the lower part of the drawing, as submitted in the application. (For the record, identified as Exhibit O: Approved:9.13.04 Case File 04DB12 – Large form board showing colored drawing labeled Villebois No’s 2&3 Preliminary Development Plan, Tentative Plat/Site Plan Revised July 30, 2004.)

Page 15 of 17, Item 4. Amend as read into the record:

4. Pursuant to the Stormwater Master Plan’s Implementation Measure 9.4.1.1, access should be provided for the entire perimeter of the water quality treatment and quantity control facilities, or as approved by the City Engineer. At a minimum, at least one access shall be provided for maintenance and inspection.
